Sixth Form

Photography A Level

Why choose Photography A Level?

Studying photography provides entry to an unprecedented range of specialisms, skills - both traditional and digital - and careers.

Study Photography and develop:

Intellectual, imaginative, creative and intuitive capabilities.

Investigate, analytical, experimental, practical, technical and expressive skills, aesthetic understanding and critical judgement.

Independence of mind in developing refining and communicating your own ideas, your own intentions and your own outcomes.

An interest in, enthusiasm for, and enjoyment of photography. The experience of working with a broad range of media.

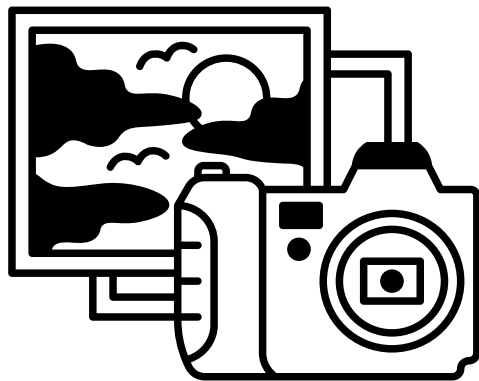

Knowledge and experience of real-world contexts and where appropriate links to the creative industries.

What will I study?

You may wish to engage in light-based images and rudimentary technology, such as pinhole cameras, as well as the most contemporary technology such as DSLR's, photocopyers, scanners and ADOBE suit. You can work both digitally or in a sketchbook as well as 2D and 3D forms.

Course requirements are:

GCSE Art Grade 5 will be an advantage
